

## AGM Guide: How to Ask Questions During the AGM

During the AGM there will be an opportunity for members to ask questions on the matters discussed during the AGM.

At the beginning of the AGM there will guidance given on the icons available to you on the screen and how to use them.

A blue hand icon will show on your screen that will allow you to type your question to the Webinar Administrator.

When asking a question, please start your question with your member name and company name for identification. The Webinar Administrator will then read your question out for the Chairperson (or the appropriate person) to respond to.

If you are experiencing technical difficulties during the webinar please contact Technical Support on 1800 733 416.

Here is the blue hand icon to use for your questions
