Under Stage 4 'Stay at Home' Restrictions the default is that workplaces in metropolitan Melbourne are **closed** unless the workplace is part of a permitted industry as set out below. All Victorians are required to work from home, except where this is not practicable. Sole operators can continue to operate, if they do not have contact with the public, or with people other than those persons living in their primary household.

The below table outlines examples of workplaces that are closed for on-site work, open for on-site work with a COVID Safe Plan, and where there are restricted operations or industry specific obligations. This information is subject to the Directions of Victoria's Chief Health Officer.

| SECTOR | CLOSED (FOR ON-SITE WORK) | OPEN (FOR ON-SITE WORK) - COVID SAFE PLAN | RESTRICTED OPERATIONS |
|--------------------------------------|--|--|--|
| ALL SECTORS | | Any ancillary business (including IT) involved in the production, supply, manufacture, repair, maintenance, cleaning, security, wholesale, distribution, transportation or sale of equipment, goods or services necessary for the operations of a permitted work site or for closed work sites where there are safety or environmental obligations Any services connected with animal health, husbandry or welfare, including the RSPCA | Work sites that are in the for the purposes of critical meeting environmental obrequirements All industries are required for the prevention and manof COVIDSafe Plans The following industries arrequired to have a High Rist Construction Warehousing Distribution centres Meat processing Cold storage Aged care |
