

Membership

The most effective way to address critical issues facing your organic business and support the industry is by joining Australian Organic Limited.

Who is Australian Organic Limited?

Australian Organic Limited (AOL) is the peak industry body advocating on behalf of its members and more broadly the organic sectors it represents.

Established in 1987, AOL is a for purpose organisation, created by industry for industry. AOL's core pillars to Protect and Promote the interests of the industry and to Engage and Consult with government are imperative in supporting our industry's greatest challenges and opportunities.

Australian Organic Limited owns and maintains the **Australian Certified Organic Standard (ACOS)** and our work is underpinned by the most recognised organic mark; **'The Bud' logo** is now recognised by 62% of all Australian shoppers.

Why Join Australian Organic Limited?

Together we are stronger

AOL has united a growing community of certified organic operators. Together, we work to promote and protect the maturing organic sector. How do we use our member funds?

We are working for you

Australian Organic Limited continues to invest Industry Development Levys (IDLs) and membership fees through progressing the organic industry by the following key activities:

- **Government Advocacy:** AOL continually advocates on behalf of the certified organic industry by working with government on key industry issues such as organic domestic regulation, market access, biosecurity and relevant industry matters.
- **Promote Consumer Awareness:** AOL continues to educate consumers on the benefits of organic and the importance of checking for certification marks through the Bud Organic Club website, newsletter and social media platforms. AOL has also established **Australian Organic Awareness Month**, the nation's largest campaign to promote the benefits of organic produce.
- **Engage with Federal & State Government:** AOL continues to develop relationships with Ministers, Departments and key industry partners such as the National Farmers' Federation (NFF) and the Australian Food & Grocery Council (AFGC).
- **Research & Development:** AOL, through the strategic direction of our Board and advisory committees, engage key research and industry bodies to work towards establishing further organic oriented Australian agricultural research.
- **Provide Market Analysis:** AOL invests in consumer and commercial research by supplying data and information to support trade negotiations.
- **Lobby ACCC on "fake organic" products:** AOL works with the ACCC on misleading claims and has successfully negotiated the inclusion of the National Standard for Organic & Biodynamic Produce on the ACCC website and has been appointed a position on the ACCC Agricultural Consultative Committee.
- **Assist Organic Importers:** AOL has driven significant outcomes for organic importers regarding mandatory biosecurity changes relating to seeds and khapra beetle through fostering strong relationships with federal and state Biosecurity teams.
- **Support Export Opportunities:** AOL contributes on export by providing the Department of Foreign Affairs and Trade input into Free Trade Agreements, collaborating with international industry counterparts and maintaining an export website **Trade Organic** and masterclass program that provides resources on organic exports and international markets.
- **Educate New Generations:** AOL manages the Australian Organic Schools Program to encourage learning about organic principles and practices in Australian schools.
